Pumpkin Pie		Scraps for die cutting leaves	Scraps for die cutting leaves
Basic White Thick		Scraps for stamping	Scraps for stamping
Crumb Cake		Scrap for sentiment	Scrap for sentiment

Instructions

1. Score and cut the card base making sure that you cut two pieces. Watch the video for tips on how to get a nicely scored base. Use the largest circle in the Stylish Shapes die to cut a circle from the centre of one of the pieces. Use a Blending Brush and some Wild Wheat Ink to lightly add a bit of ink around the edges of the die cut circle window and to the edges of the shadow box card. Spritz this piece with some Wild Wheat Stampin' Write Marker.

2. Take the Designer Series Paper layer and add to the centre panel of the other Wild Wheat card front. Add some Tear N' Tape or strong adhesive to one of the Wild Wheat pieces on the end scored strips. Adhere the two Wild Wheat card base pieces together with the Designer Series Paper facing upwards so that it is the feature of the 'shadow box'
3. Cut the two strips of Peach Pie Glimmer Paper and add to the two strips on the end of the card as shown.
4. Stamp the girl holding the pumpkins from the Warms My Heart stamp set on a scrap of Thick Basic White Cardstock in Memento Black. Colour this image with a mixture of Stampin' Blends Markers listed and fussy cut this image. Adhere to the inside of the shadow box card where shown with Stampin' Dimensionals.

5. Wrap the Wild Wheat ribbon through the inside of the card where shown on the right hand side. Tie into a bow. Cut the ends of the ribbon up to the knot a few times to make it look a bit more rustic.
6. Stamp the sentiment in Early Espresso on some Crumb Cake cardstock and trim down into a sentiment strip. Adhere to the card with Stampin' Dimensionals.
7. Cut six leaves from the Autumn Expression Dies using Pumpkin Pie cardstock. Use a Blending Brush and some Cajun Craze ink to add some colour to the leaves. Adhere and embellish the card as shown.
8. Finally add some of the Faux Glass Dots in assorted colours and spritz the card with Wink of Stella.
9. Take the piece of Basic White Cardstock for the back and lightly blend with some Copper Clay and Wild Wheat Ink in the bottom right corner with a Blending Brush.. Adhere to the layer of Pumpkin Pie and then adhere to the back of the card.
